

## **Representative Report to the Clavering Parish Council Meeting 14<sup>th</sup> September 2020**

### **Jubilee Field Management Committee Meeting 8<sup>th</sup> September.**

The Committee continues to meet via Zoom due to Covid-19 constraints.

The playground remains open, with safety checks being carried out. Hand sanitiser stations are in place, with Government Guidelines and requirements followed.

The fundraising for the new adventure playground has obviously been greatly affected by Covid-19, so the project is on hold for the coming months.

Football matches take place at the field, again under the Government Guidelines.

A 'running repair' has been made to the pavilion's roof/fascia edge; quotes are being sought to replace the fascia boards which are rotten.

The AGM will be on Tuesday 14<sup>th</sup> October. The Secretary will be standing down then and it is hoped that a parishioner will be taking on the Treasurer position after the AGM.
