

Clavering Parish Council

What does your subscription fee cover?

Scribe Accounts Web-based Software

Access to the latest version of Scribe Accounts software including:

- **cloud data storage** on UK Amazon servers, located in London:
no risk of interception after the data Privacy Shield changed between EU and USA in June 2020;
- **fully GDPR compliant:**
logs audit trails tracking the date of when data is acquired;
- **daily backups** run automatically;
- all customers receive the latest **upgrades and enhancements**;
- **unlimited** number of user **logins**, 'read only' for councillors and auditor logins.

Fully Inclusive Training

When you purchase Scribe we will set you up with access to your own online account and provide you with training. Depending on your experience level, we typically find most Clerks require 1 to 5 hours of training in their first month of using Scribe. If your Clerk/RFO changes, or you employ someone new, we'll happily repeat the training at no extra charge.

Uncapped Support

Once you're up and running you will continue to have unlimited access to the Scribe Support Team. We're available by email, phone and Zoom calls during office hours Monday to Friday. Not only do we provide technical support, you'll also be able to ask questions about accounting too. With your permission, we can access your account and solve questions remotely and quickly.

Online Knowledge Base

If you prefer to self-learn, our online knowledge base is filled with tutorials, frequently asked questions, and help documents.

Financial Year End Support

We know from experience that the most stressful time of the year for Clerks is the financial year end. As it approaches we offer free webinars and additional focused training sessions, to help take the pressure off. For any specific questions, we are at the end of the phone ready to help.

Your quotation

Scribe Accounts
