Total	£319.00

APPENDIX 4 -3

Quote(s) for requested works

Name: Clavering Parish Council	Date: 04/10/2024
Address: Eggies Bench, Nr J/o Lower way & High St B1038 Clavering	Please note, Quote is valid for 30 days.
	Re: Repair bench and treat new timber
Worksheet No:	

Description of works

Strengthening to existing Bench	
Cut and shape timber sections and fit to bench to add strength to joints	
Labour	£212.50
Utile Hardwood	£70.00
Sadolin Paint	£27.00
Total	£309.50
<p>Whilst the timber on Eggies bench seems to be in reasonable overall condition, it appears that some of the joints are failing, meaning there is movement in the structure of the base section of the bench. This could be strengthened with some extra support sections, which would extend the life of the bench. However, without knowing if the joints have become loose due to unseen rot/normal use or mis-use it is hard to know how long this will extend the bench's life. Under normal use it could last a good number of years. Therefore the cost of repair should be compared against the cost of a new bench to assess if the repair is the most viable option.</p>	

APPENDIX 4 - 4

Quote(s) for requested works

Name: Clavering Parish Council	Date: 01/10/2024
Address: Bench o/s The Christian Centre, Stortford Rd, Clavering	Please note, Quote is valid for 30 days.
